

TESTIMONY

Jon,

I have to let you know how happy I am with the two Delta UV systems we installed two weeks ago. I have been in the swimming pool industry for more than 20 years, and there are few products that have impressed me as much as the Delta UV systems. Because the units come ready to install, the installation was much easier and went much quicker than I expected. After some basic plumbing, the installation was virtually "plug and play." I am completely impressed with the units and cannot wait to sell and install more!

Beyond that, and more importantly, I have a very happy and satisfied customer! The product has been performing flawlessly and the water quality is better than it has ever been. I anticipate more sales will be generated by the positive experience had by not only my customer but also my employees who enjoyed the ease of installation and operation. The guys on the front line fight most of the battles, and if they believe in the product, it will succeed. I know we have a winner in Delta UV!

Thanks for working with me to bring this great product to our customers. It has been a very positive experience all the way around. I look forward to a long relationship with you and Delta UV.

Sincerely,

Joe Koch
